Position Title:	GIS Specialist
Salary Range:	DOE/DOQ
Regular Working Hours:	Monday – Friday, 8:00 am – 5:00 pm
Location:	Anchorage, Alaska

Minimum Education/Experience Requirements:

Intermediate - level GIS Specialist with 3-5 years of practical experience with ESRI software and computer aided drafting (CAD) software.

Requires 2+ yrs. experience with ESRI ArcGIS.

B.A. or B.S. degree in geography, geology, geomatics, or a related field preferred.

Must have the ability to effectively communicate with, and work closely with, individuals from a wide variety of backgrounds, both technical and nontechnical; to interpret, analyze, and create data to support GIS projects; to research acquire, collate and reconcile spatial and nonspatial data from a variety of sources into effective maps, charts, and reports are all qualities that are valued in this position. GIS certificates are a plus (e.g. URISA GIS Certificate).

Job Duties and Responsibilities:

Procurement, set-up and maintain equipment for database management and GIS. Undertake analysis and application of environmental sensitive areas using GIS by preparing maps and test scenarios. Develop and disseminate information on GIS potentials with the EPA.

Special Skills or Licenses:

The position will cover some of the following skill areas: geographic principles including standard coordinate systems; databases; map production; Global Positioning System (GPS) data acquisition and use; and some interpretation of aerial photography and remotely sensed imagery. Additional skills that would be beneficial are: knowledgeable in land surveying principles and practices and standard computer-aided -drafting (CAD); and how these related to GIS

How to Apply:

Completed applications and/or résumés will be accepted at TNH's Anchorage office, Monday through Friday, between the hours of 8:00 a.m. and 5:00 p.m., excluding scheduled holidays. Applicants may pick-up job applications and instruction, along with any job description, at the corporate office during office hours.
